# IN YOUR CORNER.

The USA Boxing Foundation is a 501c3 nonprofit organization. The following pages provide opportunities for you to directly support the national governing body for USA Boxing, advancing boxing as the sport of opportunity. With your support, we are setting our young athletes, regardless of their background, on a path for a better future outside of the ring.

## WE BELIEVE:

### IN EMBRACING OUR DEEP ROOTS IN AMERICAN SOCIETY

The Foundation embraces boxing's deep roots in American society and we proudly represent, and offer opportunities for, every demographic in this country. **Boxing is a sport that's relatable and accessible to all.**

### BOXING IS THE SPORT OF EQUITY

Of all the U.S. Olympic sports, our community has the lowest economic and education level representation, and we're proud of that. **We offer opportunities for everyone.**

### IN THE IMPACT AND SUPPORT OF OUR COMMUNITY

Unlike most countries that receive government support for their Olympic sports and athletes, in the U.S, we do not. **USA Boxing athletes rely heavily on the support of the community to pursue hope and opportunity.**

### BOXING IS A SPORT THAT REQUIRES RESILIENCE, FOCUS AND DISCIPLINE

Our coaches teach respect and confidence before the first jab or punch is thrown and follow a strict code of conduct that **creates a controlled environment and positive atmosphere for channeling aggression and anger into a force for good.**

### IN SUPPORTING OUR ATHLETES' HOPES FOR SOMETHING BIGGER

**Whether it is a scholarship, the search for a better life, or a dream to one day stand on the Olympic Podium, we support our athletes' hopes for something bigger.**
